

It was not wine and roses for our September meeting. It was a winery and apples for us. The day started with a belated birthday party for Angelo. Dorothy supplied the cupcakes and Millie supplied the donuts and coffee. Both put the candles on the cupcakes and then lit them. Angelo and Mary were surprised when the singing started. He had no problem blowing out the candles.

Tony was in charge when a few of us left to buy some apples at a local orchard. After a tasting session, the apples were purchased and then back to the cabin. A few pictures were taken with the Grand River as a background and then off to the winery for lunch. Although they were crowded in the back seat of my car, I heard no complaints from Helen Andrus, Olga Kosko or Helen Gemery. Emma Monoky and Olga Smeal enjoyed the comfort of Angelo's car. We want to thank Helen, Theresa's sister, for bringing Shirley and Tom.

The winery had an excellent assorted menu and the meals were well prepared and delicious. I understand that the glasses of wine that some ordered were very tasty. The waitress was very good and because of the large portions many had doggie bags as we left.

And now for our Wednesday, October 3rd meeting. Olga Smeal has picked Goody's, located at 16333 Snow Road at the corner of Frye and Snow road in Brookpark. The phone number is 216-433-7733 and the meeting will start at 1:00 P. M. This is our first visit to Goody's and we know that we will have a good selection of food for our luncheon. Hoping to see you with a big smile and a large appetite.

Sincerely:

Paul G. Hatala
